

Final Year Project Thesis Template (ZTS)

Cover Page (Separate Page)

- **University Name**
- **Department Name**
- **Project Title**
- **Student Name**
- **Computer Number**
- **Supervisor Name**
- **Date of Submission**

Declaration Page (Separate Page)

A signed declaration by you stating that the work is your own.

Acknowledgements (Optional)

Brief appreciation (1 paragraph max) to those who supported the project.

Abstract (Separate Page)

Length: *150–250 words*

Summarize the entire project: problem, solution, key methods used, and outcomes.

Table of Contents

- Include section headings and subheadings with page numbers.
- Also include List of Figures and List of Tables (if used).

Final Year Project Thesis Template (ZTS)

Main Body Structure

1. Introduction (800–1000 words)

- Background and motivation
- Problem statement
- Aim and objectives
- Significance of your project
- Scope and limitations
- Report organization (optional)

2. Literature Review / Related Work (1200–1500 words)

- Previous work and systems in similar domains
- Comparative analysis (e.g., in a table)
- Gaps or limitations in previous approaches
- How your project builds upon or differs from existing work

3. System Analysis and Design (1500–2000 words)

- Functional and non-functional requirements
- Use case diagrams, data flow diagrams, or ERDs
- System architecture overview
- Technology stack decision & justification
- UI mockups / wireframes
- Database schema or models (brief)

4. Implementation (1500–2000 words)

- Description of main modules/features
- Tools, libraries, and frameworks used
- Backend and frontend components
- Challenges faced and how they were overcome
- Code snippets (if needed, in appendices)

Final Year Project Thesis Template (ZTS)

5. Testing and Evaluation (800–1200 words)

- Types of testing (unit, integration, usability, etc.)
- Test cases and results
- Feedback from users (if available)
- Performance benchmarks (if relevant)

6. Conclusion and Recommendations (600–800 words)

- Summary of key accomplishments
- Limitations
- Suggestions for future improvement or extension
- Reflection on learning outcomes

7. References

Use APA or IEEE citation style. At least 10–15 sources expected.

8. Appendices (if needed)

- Additional diagrams
- Code samples
- Survey/interview results
- Screenshots

Formatting Guidelines

- **Font:** Times New Roman or Calibri, size 12
- **Spacing:** 1.5
- **Margins:** 1 inch (all sides)
- **Alignment:** Justified text
- **Page numbers:** Bottom-center or bottom-right
- **Referencing Style:** APA or IEEE
- **Document Length:** 40–60 pages (*excluding appendices*)
